Senator Stepp:

This is a redraft of LRB-2649/1. Please review it carefully to ensure it is consistent with your intent, and note the following:

Under s. 16.47 (2), before passage of the budget bill, neither house may pass a bill that increases the cost of state government by more than \$10,000 annually unless the governor, the Joint Committee on Finance or, in some cases, the committee on organization of either house recommends passage of the bill as an emergency appropriation bill. When the budget bill is enacted, it will repeal and recreate the appropriation schedule in ch. 20, eliminating any appropriation enacted before the enactment of the budget.

*X* As you know, AB 100 as proposed transfers the manufacturing extension center grant program to the technical college system and repeals the current appropriation, s. 20.143 (1) (f). I have included a delayed effective date in this draft, but if the budget bill is enacted with the transfer proposed by the governor, the appropriation changes in the draft will have no effect. For this reason, you might consider having this draft redrafted as a budget amendment. *Board*
